I have worked with Greg for more than five years now. He is extremely dependable, quick and a true master at his craft (photography). I have hired him to do a wide range of events ranging for industry events featuring various Senators and Hollywood celebrities to my son's third birthday. In all cases, Greg has been the consummate professional. I highly recommend his work and would be more than happy to give anyone who is interested more information.

K. Forrest Beanum, Los Angeles World Affairs Council

Greg is such a fantastic photographer--I hired him 3 times already and he's going to shoot my big anniversary party next month too! He's so creative, thoughtful and dependable. Greg first shot my young daughter's birthday party. His presence was so warm and inviting, the kids loved him and our photos were fun, unique, and captured our spirit perfectly. I also got Greg to shoot my company's holiday party, and my manager and co-workers loved his images. You can't go wrong with this fun and funny guy! Highly highly recommend!!

I had an outstanding experience with Gregory Mancuso as my birthday event photographer. His pre-event communication was excellent, and he captured not only the shots we discussed but went above and beyond. Despite challenging outdoor conditions (evening event with very limited lighting, plus heaters and fire pit), the photo quality exceeded expectations. He was punctual, professional, and delivered top-notch results — I highly recommend Gregory for any event photography needs. Five stars!

Mary-Joy C.

Greg was spot-on with high profile talent, right out of the box. John Daly was our talent for a Spot TV shoot and internet video, a ton of material to cover and only a day to do it in. Greg had to shoot around the film crew (PGA Tour Productions) and deliver material for the web and for print. He did it in a totally unobtrusive way and still managed to deliver great material that most shooters would have needed several days to capture and even then wouldn't have picked up the subtleties Greg lensed. I definitely will use Greg again, particularly when there is talent like John Daly involved.

Fred Page, Costco Wholesale

Greg is an amazing photographer. I reached out to him on short notice, and he exceeded my expectations. He arrived on time and captured stunning pictures. The photographs he took were lively and captivating. Not only were the pictures of great quality, but Greg also delivered them promptly. I highly recommend Greg for any photography needs. Thank you, Greg, for your exceptional work!"

Gregory was exactly what i needed. Responsive, easy to work with, made the process seamless and affordable. Now the good part...the photos! Gregory did a fantastic job capturing my son's Bar Mitzvah. From family portraits to service photos and finally party pics Gregory didn't miss a beat and the photos turned out great with so many beautiful ones to choose from.

I recommend Greg for anyone considering a photographer, no matter the assignment. I've used Greg's services for more than 15 years, and for the majority of that time he was the only photographer I used. He is always on time, personable, readily understands the work to be done and completes it in a timely manner.

I've been using Gregory Mancuso as a photographer for The California Endowment for the past 9 years and couldn't be happier with his work. I recommend him to any company seeking a highly competent, reliable, flexible and professional photographer.

Gregory was fantastic. So easy to communicate with and very responsive. He accommodated late request so kindly and his presence was so warm and inviting at the party. The kids loved him and our photos were fun, unique, and captured our spirit perfectly. His turn around time was quick and his energy just wonderful. Highly recommend for kids party!

The photos were simply fantastic. Both creatively as high quality art, and Greg also captured all the special moments of our shower. Nothing was over looked. Greg also has such an easy-going personality that quickly relaxes people and dissolves the stress of an event.

The non-profit I work for has hired Gregory Mancuso to photograph several events which required extraordinary flexibility due to demanding schedules and high profile attendees. Every step of the way Greg's professional attitude, demeanor, and photographic skill enabled him to deliver exactly what the organization was looking for. The photographs have been used to promote the organization in online and printed materials. All feedback we have received about Greg following events has been positive.

Diane Baldwin, RAND Corporation

Gregory shot my twins' first birthday and did a fantastic job! He got the best candid shots of the party and really captured the day perfectly to help cement such a special memory. He was extremely professional, very punctual and detail oriented. My babies felt so comfortable and looked so natural in all the photos, which is nearly impossible with twin 1 year olds! Can't wait to hire again for our next event or family portraits.

Collyn K.

I booked Gregory same day for my friends 40th Birthday. Hiring a photographer is usually something I would only do for a wedding or family Christmas card photos, but with all the work that went into planning, decorating, and dressing up for her Studio 54 themed party, a group of us decided to split it as a birthday present so we could just enjoy the night while he captured it with his camera. He got all the right shots, adjusted for lighting, detailed the decor etc. He was a great communicator and reasonably priced (many others could charge more especially with his experience). You won't regret hiring him.

Kristin A.

He did a great job for my moms 70th birthday!!! It was super last minute and he was very accommodating!

Alexa L.

"We hired Greg for photography and graphics composition services on a kitschy doggie card traditionally sent to company associates for the holidays. Over a dozen employee's dogs were costumed in festive Hawaiian attire for individual photography on a tight Saturday schedule at our offices – requiring much patience and flexibility from our photographer – but Greg was clearly up to the task. The dogs all loved him and the shoot had such great results that perhaps our biggest challenge was selecting which images to actually use for our marketing piece. Great job, Greg!"

Tammie Richards

"They say a picture is worth a thousand words...so my write-up of Greg's work won't do his work justice. Simply put, when I have an important client project on-line, I want Greg behind the camera, working with me to deliver a top-notch project."

Gregory delivered high-quality photos for a reasonable price for our educational nonprofit organization in East L.A. His photography showcases our organization well, and it is now featured prominently in our marketing/communications and at our events. He did a half-day general-purpose photo shoot. I appreciated his professionalism, since he was able to go into our many different classrooms and other spaces throughout our facility, make people feel comfortable, and capture their experience in a relaxed way. Certainly I recommend him highly.

Thank you for the fabulous photos, Greg!

My family and I planned a surprise birthday party for my mother's 90th. birthday last month and when my brother dropped the ball we found ourselves without a photographer. In a panic my wife and I started making calls and searching the internet at the last minute. We found several photographers on Thumbtack however, weren't too happy with what we reviewed. We came across Greg's name and asked him to send us his portfolio, which he did right away. Upon reviewing it we made the decision to go with Greg.

We loved working with Gregory!! Our other photographer bailed on us the day of our event and we were feeling hopeless, but came across his profile and it was perfect for our event. Reached out to him and almost immediately got a response from him. He showed up on time and had an awesome attitude all night. He sent us the pictures within a week and the work was outstanding. Thank you Gregory.

Greg did a fantastic job with our convention photos. It's hard to get creative with the standard conference venue, but Greg was able to put his own spin on things. He was incredibly easy to work with and is super talented. You can't go wrong.

I hired Gregory to take photos of a playwright's showcase at a small, dark theatre with terrible lighting this past November. He worked miracles! He was punctual and very generous with his time, giving us a little leeway when we weren't quite ready to shoot. The cast and crew were all very pleased with his creative and beautiful shots and the price was very reasonable. Will definitely hire him again for all my future projects and highly recommend him!

This probably sounds weird but I would probably go back to Greg again even if the photos had turned out mediocre. He's just such a fun and funny person to hang out with and his calm easygoing manner just made me feel so relaxed--which is the opposite of how I usually feel when being photographed. And his studio is right at the beach so that also made the whole vibe add up to a big stress reliever, nothing like shooting with the sound of the waves. His furry assistant is also one of the cutest, sweetest dogs I've ever met. And the photo portraits, that I'm using for acting and social media, are the best ever taken of me, so you add it all up and I have to highly recommend Greg!

"Greg is probably the best photographer in Los Angeles. He's a very talented and a top notch professional. I highly recommend him not only as a photographer, but also as a creative consultant who is attuned to the client's needs. His sense of composition and lighting is way above the crowd. But don't take my word for it--a quick glance at his portfolio at LinkedIn or at his website will testify to the high degree of his artistry. The body of work speaks for itself. Fabulous creative shots, and very cost-effective. You are welcome to contact me for details, or with questions."

He just has a flair for bringing out the natural warmth and personality of people and his sense of humor helps to make the whole experience fun.
